Tonight we give a sooner-than-expected welcome to Basildon United, who visit us for this F.A. Cup replay, the winners moving on to an away tie against either Braintree or the ex. GM Conference giants Boston United. The going at Park Lane promises to be heavier than normal after torrential rain, which should suit Canvey, whose smaller more mobile players are adept on a slippery surface. Surprise of the round has to be Braintree holding Boston to a draw away from home, although we still tip Boston to win the replay. If Canvey and Boston go through then Saturday's programme will contain an in-depth analysis of Boston. If it's Basildon and Boston then we will gladly give the article to Basildon for inclusion in their programme. All they have to do is send us a note, (preferably £50 but £5 will do.) The only team from the Basildon/Canvey group through to the next round are Bishop's Stortford, who beat Burnham Ramblers 2-0. They will play either Aveley or Billericay, who also drew on Saturday. The next round is scheduled for 25 September.

QUIZ TIME

(Answers are inside the back cover.)

1 Which team has the worst record in the World Cup?

Clue: East European. **BULGARIA**

2. Why can't Basildon win the Senior League championship this season?

3. Unscramble these letters to find the name of a famous footballer.

Oy! Annoy them.

Canvey F.C. made the national news again this week, when entrepreneur Richard Branson passed over the Island in a hot-air balloon, after a 3,000 mile journey across the Atlantic in his latest attempt to break the transatlantic record. His navigation equipment smashed by a recent storm he had no idea where he was. Passing low over the ground he saw Mark the groundsman busily marking out the pitch. Leaning out he asked, "Excuse me, can you tell me where I am?" Looking round, Mark was perplexed at seeing no-one, but eventually looked up.

"You can't fool me," he replied, "You're in that bloody balloon."

If tonight's game is level at full time then extra time will be played. If the scores are still level then a second replay will be necessary on Saturday 18 September, kick off at 3.00 pm. Canvey lost the toss for the choice of venue so the 2nd replay will be at Basildon. F.A. regulations for all F.A. Cup matches require all ties to be replayed until there is a result. Penalties are never used to complete a tie. If there is a result tonight then Canvey's next match is at home to Great Wakering on Saturday.

Last week's visitors Maldon Town hope to complete a deal this week which will see them sell their existing ground for building development. They have plans to use the money to pay off their crippling debts and to erect a new ground and clubhouse on a green field site. The new ground will include no less than four pitches, including an all weather training pitch. Facilities for the Maldon ladies hockey and soccer teams are also included. Under their new management the club has now been expanded from two to eight boys' teams, and they have every intention of becoming a powerful force in local soccer in the near future. They hope to have their new ground ready for the start of next season but ground-sharing in the early matches cannot be ruled out. Meanwhile Brentwood, pencilled in to ground share with East Ham until their own ground is ready, have been ably assisted by the league fixtures secretary who has been able to arrange that their first five fixtures are all away from home.

A Canvey F.C. Official, who shall be nameless to spare her blushes, has ordered a sign which reads:-

"NO PLAYING FOOTBALL WHILE THE MATCH IS IN PROGRESS."
She didn't specify whether it was for display in the home or the away dressing room.

(It was actually required to prevent children playing with a ball in the small training area on the far side of the stand.).

CANVEY 4 MALDON TOWN 1 League 4 Sept.93

With Jones absent, Hope returned to the side after injury, which required some positional changes. From the outset it was clear that the Canvey attack were a yard faster than the Maldon defence, and a badly worked offside trap did little to deter the twin strike force of Newbury and Mahoney. It took just 7 minutes for the offside trap to be sprung when Dizzy raced through and was unlucky to see the ball cannon off the goalie's legs. The offside trap failed again after 12 minutes and this time it resulted in a goal. A through ball down the right saw Mahoney racing clear to the by-line and his low cross close to goal was turned in by NEWBURY. After 20 minutes, Maldon won their first corner and started to cruelly expose a Canvey defence totally lacking in confidence and aerial ability. The corner was swung over and a powerful header was cleared off the line by Rogers with Harrold beaten. A 2nd. Maldon corner 8 minutes later caused similar problems, with the ball hobbing about the Canvey area for some minutes before eventually being turned behind for another corner, which also caused a scramble until finally being cleared. Then it was Canvey's turn to cause chaos in the opposition offence in a move which resulted in a 2nd. goal. A fine crossfield ball from Dizzy split open the Maldon defence and found DOYLE on the right, who easily beat his marker and crashed the ball home. An identical move a few moments later saw Doyle almost score again, only to be pulled back for an infringement. More panic in the Canvey defence saw Maldon deservedly reduce the arrears when a through ball found Maldon's best player, Caldor, unmarked and he scored well from 6 yards.

The 2nd. half followed the pattern of the 1st, with both defences all at sea, but it was 25 minutes before Canvey won their first corner of the match. However, it was Maldon who almost equalised from a corner at the other end, which was palmed clear by Harrold at the 2nd attempt. Canvey, then went further ahead as Newbury raced clear, beating an ineffective offside trap. His shot was blocked, but the ball spun clear to WHITE who walked the ball into the empty net. Next followed the move of the match which saw Canvey extend their lead even further. White hit a perfect pass through to Doyle, who centred to the far post for Mahoney to head back in to the path of L.F.F., who rifled the ball home from 12 yards. The Maldon heads then dropped and Mahoney was twice unlucky not to score in as many minutes, then White missed the easiest of chances when sidefooting wide of the gaping net from 4 yards out in the last minute.

SOUTHEND MANOR @ CANVEY ISLAND 1

SENIA SENIOR LEAGUE Wednesday Sept. 8th. 1993

The trip to Southend Manor to face their hardest fixture of the season so far, saw Canvey return with the spoils after a very tough match writes ROD HALL.

Manor pressed hard in the early stages of the game and were unlucky not to take the lead on a number of occasions, the best of which was a clever flick which hit the bottom of the post after 15 minutes. Poor finishing from Southend enabled Canvey to weather the storm for the first 30 minutes, following which they gradually started to take control. Towards the end of the half Canvey went close a number of times, particularly from Steve White, who shot narrowly wide with the goalkeeper beaten, and from Mahoney who had a goal disallowed for offside.

The second half began with Manor defending desperately, with Canvey playing all the good football. At least six Manor players received the yellow card as they started to show their frustration at being asked to continually defend their goal.

Finally 9 minutes from time the deadlock was broken. Once again a dangerous tackle from the Manor defence resulted in a free kick for Canvey 35 yards from goal. This resulted in a candidate for the goal of the season, at least from a dead ball situation. Mahoney dummied and DIZZY bent the ball round the wall and into the top corner of the net, with the goalie motionless.

Manor, who until then had been content to defend and try and hang on for a draw, were forced to come out of their shell as they pressed for the equaliser, but excellent Canvey defending kept them at bay. In fact it was Canvey who came closest to extending their lead as they exploited the gaps at the back of the Manor defence, and only excellent goalkeeping kept the score down to the odd goal.

BASILDON UNITED v CANVEY ISLAND 1
F.A. CUP 1st. QUALIFYING ROUND

Saturday Sept. 11th. 1993

Hordes of Canvey supporters made the short journey along the A13 to ensure that Basildon had a season's best attendance for this local derby, which saw a dull game with few chances at either end.

Basildon opened the scoring in their first real attack after 5 minutes, when a speculative 35 yard shot inexplicably beat the diving Gary Harrold and rebounded off the post. Following up was John STEWART, who had no problem slotting the ball into the empty net. Canvey, with the diminutive Jones ineffective as a lone target man up front, made little impact against a solid Basildon back four until White tried a long shot after 25 minutes which was smartly saved at the foot of the post. Four minutes later, however, Canvey were back on level terms as Jones at last received the ball to his feet. He ghosted past his marker and beat the goalie for speed, only to be upended in the box by the outstretched hand of the prostrate goalie. Lucky not to be sent off for the offence, the goalie had no chance as JONES took his own penalty and hammered the ball home. A minute later Mahoney almost made it two as he hooked the ball just wide, but as an indication of how dominant both defences were, the first corner of the match did not arrive until the 35th. minute.

The second half began with a good chance for Basildon, as a pass down the wing caught Gary Harrold in no-mans land and the resulting cross skidded across the face of the empty Canvey goal but with no-one able to touch it home. The first header on goal took all of 50 minutes to arrive, which was a good attempt by Newbury from a Scott cross, but the ball flashed wide of the angle between bar and post. At this stage Basildon began to tire and after 34 minutes of the 2nd. half Canvey were unlucky not to take the lead. White fed the ball intelligently through to Jones on the left, and his far post cross found the head of Mahoney, but the ball rebounded from the foot of a post before being scrambled behind for a corner. It was Mahoney again who created the next chance, as he broke clear on the left and pulled back an excellent low centre, but with Canvey reluctant to commit players to attack there was no-one able to latch onto the ball. Dizzy attempted one of his now-famous chip shots near the end but despite the ball clearing the stranded goalie it passed just over the bar. All looked grim for Canvey as Basildon were awarded a free kick on the edge of the area in the dying seconds, but the ball cannoned off the defensive wall to safety. Canvey's tactics for tonight's game must be to absorb the initial Basildon thrusts and then take advantage of their superior fitness as Basildon slow down on the lush green Canvey turf.

PLAYER OF THE WEEK

Name:

STEVE WHITE

Position:

MIDFIELD

Age:

30

Nickname:

WHITEY

Local boy Steve was born on Canvey Island, where, like his father before him, he works as a general building contractor, specialising in house extensions.

He began his footballing career at Canvey F.C., working his way up through the boys' and youth teams.

After a few short spells with other local clubs he became a first team regular at Canvey ten years ago. He is the only remaining player of the championship winning side of 1985/ 86 season and has seen many changes in fortune at the club.

Now playing his best football ever, he has established himself as the lynch-pin in what is arguably the best midfield of the Essex Senior League, as his performance against Basildon United last Saturday showed.
